## MESSAGE

Golden greetings to the Class of 2020!

The hopes of the persistent will never be in vain.

Remember the timeless principle behind sowing and reaping. Remember that today is the best time to turn your dreams to reality.

I congratulate Batch 2020 Graduates for finishing well! All the risks and journey that you have traversed are worth it. May you never waste time, continue to advance and love your craft. Seize every opportunity to learn, never lose hope and remain grateful in all circumstances. Use every second wisely, invest on things that matter and leave the ones that's not.

The degree you have earned is your ticket to contribute to the world. The best years of your youthful days are still unfolding. Give your best shot every single time you have to. Do not fret challenges, embrace it instead. Live freely and hope for the best, be open to changes and be brave enough to take responsibilities.

Remember to look back, remember that both failures and success are temporary. Live for the future. Live for our country.

Do not hold back, the world is waiting for you!

Thank you very much!
